**The Bridge Website** - The North American Mission Board provides this website as the primary tool to connect Southern Baptists with mission opportunities in North America. You can search for mission projects by geographic location, project type, and age of your team. You can also list a mission project and request volunteer mission teams to come to your area. You can register to use The Bridge at: [www.thebridge.namb.net](http://www.thebridge.namb.net). If you need help contact the NAMB Mobilization Center at 1 800 462 8657. Speak to Terri Curry #6132 or Beth Bootz #6131. Their email address is [volunteers@namb.net](mailto:volunteers@namb.net).

**Baptist Builders** exists to assist local congregations with their construction needs. This may include some or all of the planning, construction, and occupancy phases. Adult volunteer groups and individuals are annually matched with hundreds of requests for church construction assistance. Churches are receiving the necessary assistance that enables them to focus on growing the kingdom of God. Skilled and unskilled volunteers are needed in such areas as painting, carpentry, electrical work, plumbing, roofing, brick and block laying, landscaping, handyman services, and so on. Helpers, assistants, and other support workers are also needed as essential parts of the team. **Iron City Church, Pittsburgh (North Hills)–Sports Camps, Servant Evangelism, Community Construction**

Iron City Church, a two-year-old church plant in the North Hills area of Pittsburgh, needs mission teams to assist with their Revolutionary Love campaign. The Revolutionary Love campaign is an effort to share God's extraordinary love with the people of the Pittsburgh metro area through ordinary acts of kindness. Summer opportunities include sports clinics (experienced teams only please), servant evangelism (giveaways, free car washes, etc.), and community construction projects (in cooperation with a local non-profit organization). The goal is to connect with as many people as possible this summer by sharing God's love with them in tangible ways. There are 2.3 million people in the Pittsburgh metropolitan area. Specifically, in the North Hills there are more than 150,000 people living within a 5-mile radius, less than 5% who are evangelical Christians. Not afraid of trying new and different methods, ICC has taken a "charged, challenging, and life-changing" approach to reaching the lost, unchurched, and de-churched of the Pittsburgh metro area since launching in September, 2007. Please call for information about specific dates and projects.

**Hope Chapel, Pittsburgh, PA, VBS – Block Party – Survey – Construction -- Prayer**

Hope Chapel is a small church that shares worship facilities with another church in the area. Their vision is to acquire a shelter for homeless families, a non-traditional day care, and a respite program for caregivers. They are hindered only by a lack of funds, but not a need for such facilities or programs in the West End area. While the church reaches out to everyone, there is a strong emphasis within our ministries to meet the increasing needs of the homeless. While we turn no one away, we find our personal selves lacking in some very basic necessities. The most pressing concern is the pastor's house needs the side porch repaired since it has separated from the house and is a hazard. They are currently looking for those willing to partner with them for the critical repairs and the materials needed to make those repairs. Other mission opportunities are:

- 1 Donation of wheelchair accessible van, wheelchair stair lift device, public address system
- 2 Provide labor and materials for much needed roof on pastor's home
- 3 Intercessory Prayer and Prayer walking

### **CrossSeekers Campus Ministries, Southwest PA**

CrossSeekers Campus Ministries is a ministry of the Baptist Association of Southwestern Pennsylvania to 43 colleges and universities in the Greater Pittsburgh area. Following are ways volunteers can become involved:

1. Donations for care packages throughout the semester but especially during final exams during December and late April early May. This is a great outreach tool on our campuses. Suggested items for the care packages includes, microwavable popcorn, hot chocolate packets, gum, pens, writeable CD's, travel size shampoos, shaving cream, deodorant, mouthwash, toothpaste, etc.
2. Bibles are needed to hand out to students for free. We believe that the Word of God is powerful and active. Many students do not have a Bible and would read one if given one. We are looking for NIV translations, preferably pocket size but any size will do. CrossSeekers make these available to students at many venues throughout the each week.
3. We desire teams to come and Prayerwalk our campuses throughout the year. We have several established campus ministries that need consistent and "live and in color" prayer. We desire teams to walk the campuses and pray over the places where we worship, have Bible studies, and encounter students on a daily basis. We also have campuses where we have been trying to get a ministry established but have been unable too. We need prayer warriors to come and pray for victory and for the walls to come down so that we might be an official part of the campus.
4. We desire groups of college age students to come and join us during their spring break and be a part of a mission trip. They would work with our local directors in doing special outreach and evangelism projects that would help students know who Jesus is as well as who CrossSeekers is on their campus.

**Faithbridge Community Church, McKeesRocks, PA**

**Prayer Walking – Block Party – JESUS DVD Distribution – Back Yard Bible Clubs – Sports Camp – Bibles for Distribution – Diapers and Baby Supplies – Food for distribution-School Supplies**

Faithbridge Community Church, a new church start in McKees Rocks, PA, has been blessed with a growing impact on one of the harshest areas of Pittsburgh. Through efforts at counseling, life coaching, benevolence and crisis relief the church has made a good name in an area without a worship tradition and a deep distrust of people coming in God's name. Their "Jerusalem" is Meyers Ridge, a government housing project made up nearly entirely of single moms and their children (250 kids in a six block area) and whole families have been hearing Jesus' gospel and coming to know the Lord. We plan to start numerous social service ministries and need help with grant writing. We also have a ton of kids to minister to and are looking for a 12 passenger van for transporting them, and any donations of jump-ropes, balls, outdoor or indoor games or school supplies would be a blessing. We need workers who feel called to learn more about inner city ministries or called to begin gearing up for a life in inner city ministry. A long-term volunteer who's good with women and kids would be a huge blessing. We could use an African American male evangelistic missionary--preferably a young man--because a gaping hole is reaching the young black males here. As many trained teams as can come up here to help, we'd take. Sports camps, evangelism teams, flyer brigades, survey takers--even willing-to-do-what's-asked types who don't mind meeting with business, getting the word out about available services and/or a skilled team who'd be willing to repair porch steps for the elderly or patch roofs, etc. We need long-term partners who will be willing to come alongside and make an investment in reaching this community. We really need partners who understand that these kinds of ministries are truly missions--missions to the forgotten and abandoned, missions to the poorest of the poor--in an urban area where the gospel is as foreign as it is in third world Africa and Indonesia--and they need to be continually funded as such.

### **Philipsburg Baptist Temple, Philipsburg, PA**

Philipsburg Baptist Temple was a Jewish synagogue that was given to us for a church plant. The church was planted, outgrew the location, and moved down the road to another location. The building is approximately 16' X 50'-60'. The roof needs to be re-shingled and an old piece of gable taken off (where a former wing was attached). The space is needed to set up a library for a regional branch of Central Christian University.

### **Evangelical Baptist Church, Osceola Mills, PA**

Evangelical Baptist began as Philipsburg Baptist Chapel and met in a renovated Jewish synagogue until they outgrew the facility. They then moved four miles west to Osceola Mills. They have been growing, and have developed a great children's ministry and an outreach to many adults. They have done major renovations in the basement. Ivan flooded them a few years ago.

**NEEDS:**

1. The church NEEDS a handicap ramp!

2. In the ministry area, they have a young family, 30-40 years of age that the husband has been diagnosed with advanced MS. His wife has to carry quite a load in the home and family. Their roof leaks and needs to be replaced. It has been patched several times but the greater need is a new roof. They would need help with materials, as well as labor.

3. The Pastor's home NEEDS replacement windows (7 to be exact). These are needed this fall. In the spring they need vinyl siding, with a layer of insulation behind it.

**From the Missionary:** I am seeking 16 people or churches to donate a window. These windows would save hundreds of dollars in heating costs. Call for more details.
